Important Note: It is noticed that some of the sellers are uploading incorrect custom catalouge part no. & Description (or) quoting different model no. (or) part no. against HAL part no. & Description. The part no. & Description mentioned by seller will reflect in the Gem Contract/ Gem PO & it is very difficult to co-relate with HAL requirement. Hence, It is requested to upload correct catalouge with part no. & Part description against HAL Part No. & Description while submitting the bid in Gem Portal, to avoid rejection of offer.
