

### Detail Specification

| Sl. No.: | Item name                                                | Item Specification                                                                                      | Quantity | Unit   |
|----------|----------------------------------------------------------|---------------------------------------------------------------------------------------------------------|----------|--------|
| 1        | Driving Plate,T1205A                                     | Driving plate for fluid coupling T1205, to be used in conveyor drives in Rajmahal CHP                   | 6        | number |
| 2        | Multi disc , T1205 A                                     | Multi Disc for fluid coupling T1205, to be used in conveyor drives in Rajmahal CHP                      | 6        | number |
| 3        | Return Line filter                                       | wire braided hose for hydraulic system with end fitting, pressure 2500 pSi, length                      | 2        | number |
| 4        | Kit, Cable heat shrink ,6.6 KV,90mm <sup>2</sup> ,3 core | Cable end heat shrink, 6.6 KV, suitable for 90mm <sup>2</sup> , 3 core armoured cable                   | 3        | Meter  |
| 5        | CNCTR LUG, 225 MM <sup>2</sup> , cu                      | Cable Lug , Copper 225 mm <sup>2</sup>                                                                  | 100      | number |
| 6        | CNCTR LUG, 120 MM <sup>2</sup> , AL                      | cable lug ,120 mm <sup>2</sup> , Al                                                                     | 100      | number |
| 7        | CNCTR LUG, 95 MM <sup>2</sup> , AL                       | cable lug ,120 mm <sup>2</sup> , Al                                                                     | 100      | number |
| 8        | Bolt ,MS,M24,110 mm,90,Nylock nut                        | Hex Bolt M24 110 mm with Nylock nut                                                                     | 109      | number |
| 9        | Grease Gun;20kg                                          | Grease Gun complete with bucket of 20 kg and hose with wheel mounted                                    | 1        | number |
| 10       | Grease Gun;5kg                                           | Grease Gun complete with bucket of 5 kg and hose with .                                                 | 1        | number |
| 11       | Fusible Plug T120611                                     | Fusible Plug for fluid coupling T1206 11, to be used in conveyor drives in Rajmahal CHP                 | 10       | number |
| 12       | Fusible Plug T120711                                     | Fusible Plug for fluid coupling T1207, to be used in conveyor drives in Rajmahal CHP                    | 15       | number |
| 13       | Fusible Plug T120811                                     | Fusible Plug for fluid coupling T1208, to be used in conveyor drives in Rajmahal CHP                    | 12       | number |
| 14       | Fusible Plug T120911                                     | Fusible Plug for fluid coupling T1209, to be used in conveyor drives in Rajmahal CHP                    | 10       | number |
| 15       | Cam follower Roller                                      | roller suitable for rolling gate of Rapid loading system                                                | 30       | number |
| 16       | Multimeter 0-10A, 0-600 V                                | Digital Multimeter with clamp meter ,AC /DC , 0-200 -1000A, voltage DC:200mv -1000volt,AC200mv -750volt | 1        | number |
| 17       | Wire 2.54 mm <sup>2</sup> , 660 v                        | Wire 2.5 sqmm Cu, PVC 1 core 1100 volt                                                                  | 500      | Meter  |
| 18       | Trolley cable                                            | Cable trolley suitable for hanging armoured cable of 70 sqm and have arrangement for sliding            | 7        | number |
| 19       | Tape Adhesive, 20 mm, black                              | PVC insulation tape 20 mm                                                                               | 200      | number |
| 20       | Tape adhesive, scotch 70, self fusing silicon rubber     | Tape adhesive, scotch 70, self fusing rubber                                                            | 10       | number |
| 21       | Cable ,1.1 kv, 3.5 c AL 25 mm <sup>2</sup>               | Cable ,1.1 Kv 3.5 core 25 sqmm armoured                                                                 | 100      | Meter  |
| 22       | Cable ,1.1 kv, 2c AL 4 mm <sup>2</sup>                   | Cable 1.1 kv, 2 core Al 4 mm <sup>2</sup> lighting                                                      | 600      | Meter  |
| 23       | Switch , ICTPN 415 V, 3P                                 | ICTN Switch 415 volt, 3 pole 100 A                                                                      | 5        | number |
| 24       | Angle Grinder , 900W, 220 V, Disc dia 100mm              | Angle Grinder , 900W, 220 V, Disc dia 100mm                                                             | 1        | number |
| 25       | Angle Grinder , 900W, 220 V, Disc dia 100mm              | Angle Grinder , 900W, 220 V, Disc dia 100mm                                                             | 1        | number |
| 26       | Adhesive Loctite 242,50ML                                | Adhesive Loctite 242,50ML                                                                               | 10       | number |
